A Message From our President & CEO

I'd like to start by saying thank you for your patience and understanding as we've adapted to a new level of normal amidst the current circumstances.

Our responsibility to serve as your financial health and wellness resource remains our primary concern. Team members have shifted to find unique, new ways to continue to provide you with the same level of exceptional service while continuing to uphold the highest level of privacy and security.

I understand that most of us are feeling the same sense of uncertainty and concern right now but I want to assure you that United Community remains strong, sound and financially equipped to continue on as usual throughout this pandemic and for many years to come. We've focused on creating options to meet your financial needs such as offering the ability to skip two loan payments, reduce fees and exclusive lending solutions through our United Community Emergency Relief program. I encourage you to learn more about other financial assistance options available to you through our relief program here.

Houstonians are known to come together and persevere when faced with a challenge and I am confident this will be no different.

Thank you for choosing to #BeUnited.
