CardControl – Member Enrollment Guide

Introducing CardControl, our mobile card management application (app) for Debit & Credit cards allowing cardholders to control card usage, set alerts and review cardholder/transaction activity from the convenience of a smartphone.
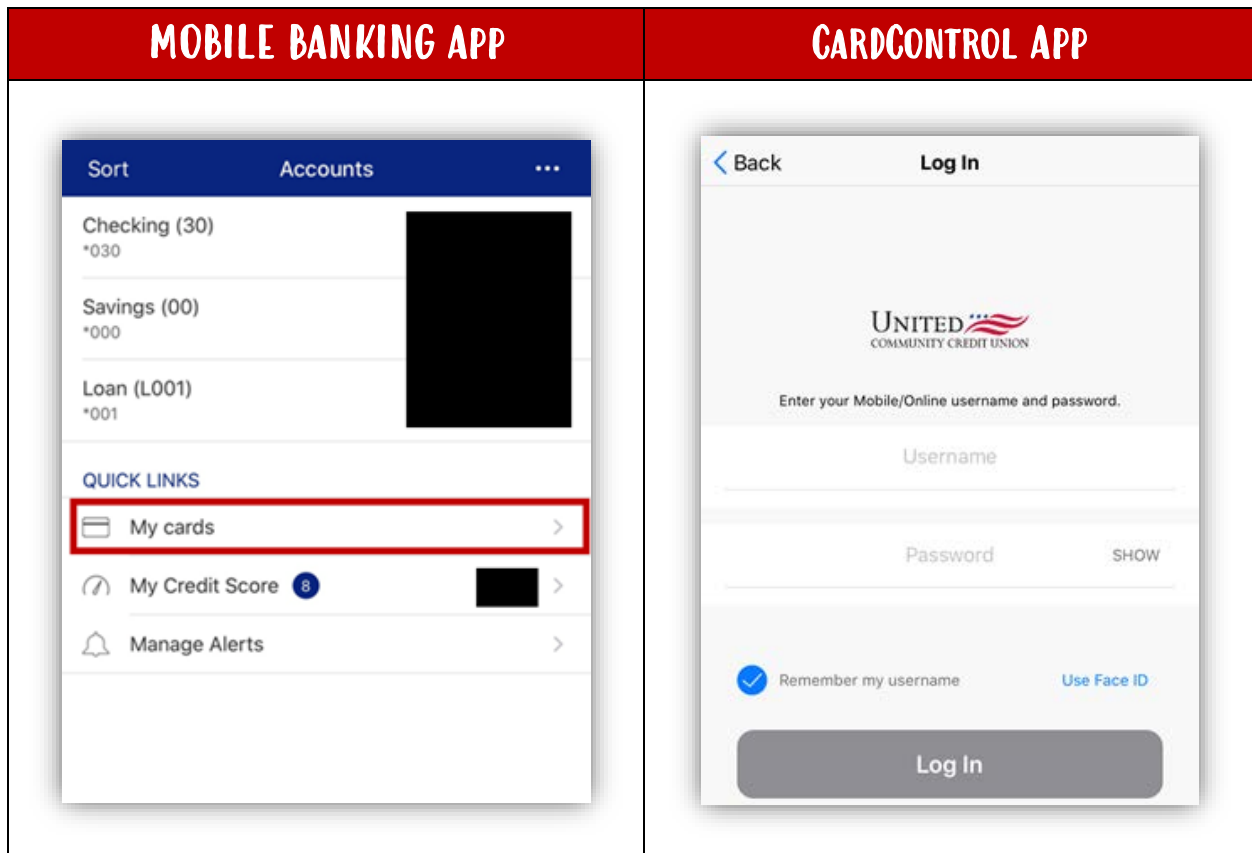

HOW TO LOG IN

No need to memorize additional login information! CardControl accompanies our mobile banking app and uses the same login information as your mobile and home banking credentials. Plus, after initial set up you won't have to log into CardControl, when accessed from our mobile banking app.
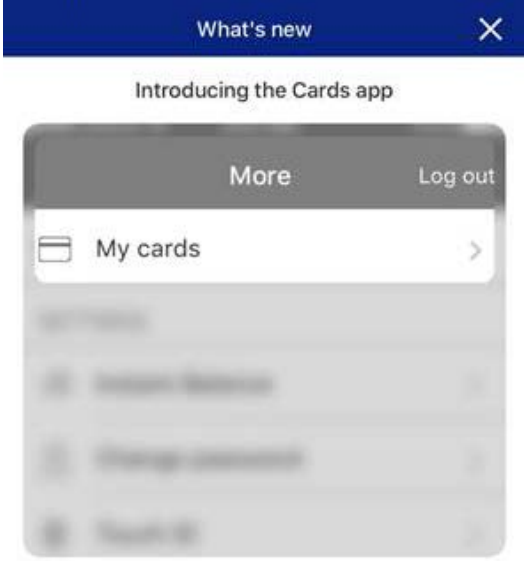

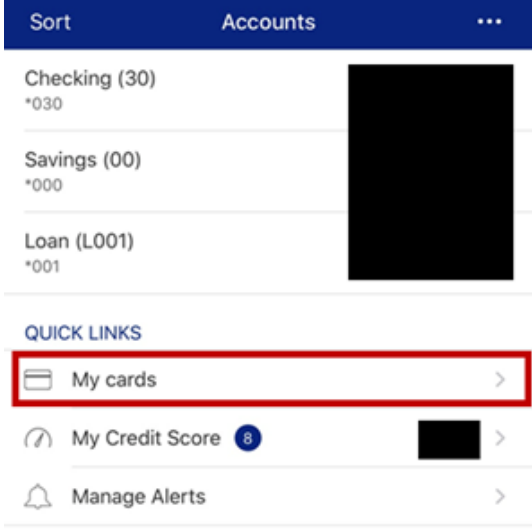

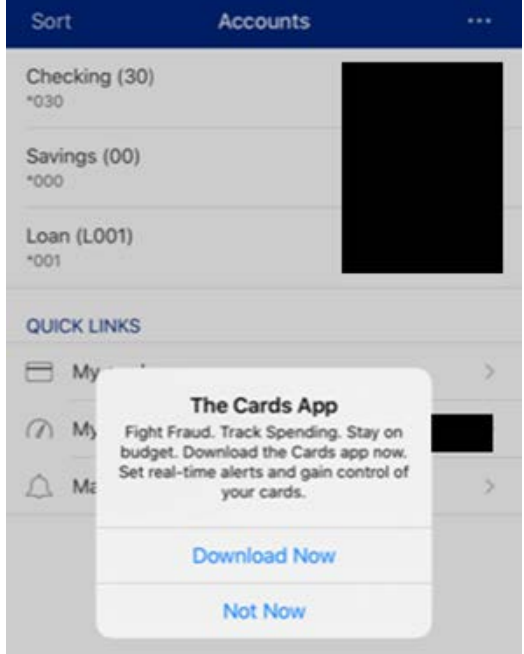

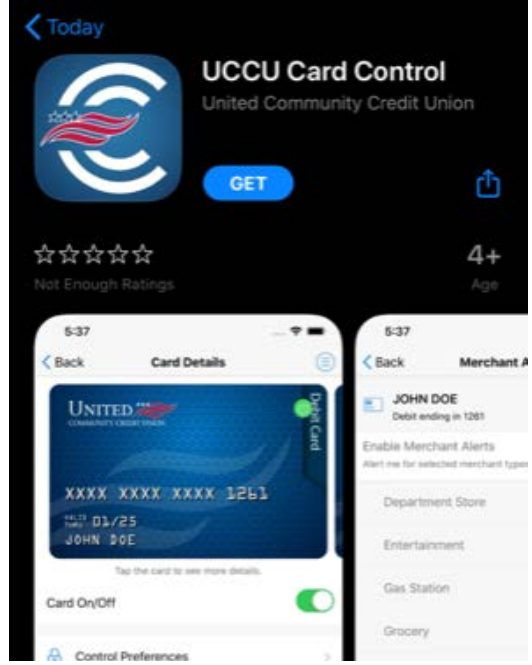

CardControl login information is your online/mobile banking login information.

Once logged in you can move back and forth from the CardControl app and the mobile banking app as long as you are active. As a safety precaution, you will be automatically signed out of both apps after 60 seconds of inactivity.
